

Suggest a Topic for Future Research

1. Choose a description that best describes you:

- ☐ Academic
- ☐ Consumer
- ☐ Employer
- ☐ Government
- ☐ Industry
- ☐ Insurer

2. Choose a priority condition that best describes your topic suggestion:

- ☐ Arthritis and non-traumatic joint disorders
- ☐ Cancer
- ☐ Chronic obstructive pulmonary disease and asthma
- ☐ Dementia including Alzheimer's disease
- ☐ Depression and other mood disorders
- ☐ Diabetes mellitus
- ☐ Ischemic heart disease
- ☐ Peptic ulcer disease and dyspepsia
- ☐ Pneumonia
- ☐ Stroke and hypertension
- ☐ Methodology/All conditions

3. Let us know whether you're proposing new research or a comparative effectiveness review:

- ☐ Comparative effectiveness review
- ☐ New research
- ☐ Both/either

4. On a separate sheet describe your topic.

(Guidelines for topic or research nomination are available at <http://effectivehealthcare.ahrq.gov/topicNomination/guidelines.cfm>. All submissions are welcome, but those that respond most closely to these guidelines will be given priority consideration.)
